* Completing the online form and/ or sending the documents **before** the assigned date for your zoned building will **NOT** hold a spot.

- ALL required documents must be submitted to the Registrar together.
 - Registrations will be accepted in the order in which they are correctly received.
- A spot will not be held until ALL documents are correctly received and the online form is completed.

REQUIRED DOCUMENTS:

- Birth Certificate
- Immunization Record
- Proof of Residency - Mortgage Statement, Tax Bill **OR** Lease **AND** current Utility Bill
- Parent / Guardian Photo ID
- Registration Packet completed in full. The 2023-2024 Registration Packet can be printed from the district website or picked up from any of the three elementary schools.

Reminders:

- If you currently have children in the elementary schools, please know that you have to register your incoming kindergarten student on the specific dates provided to allow your best chance of keeping your incoming student and your current student within the same school. If you wait until after registration and/or this summer, a student's zoned elementary school may fill up and your incoming student would then be registered in one of the other two elementary schools.
* Please note, depending on the number of students registered during kindergarten registration there is a chance that your child's zoned elementary school may meet the maximum for kindergarten enrollment within that school. They would then be registered in one of the other two elementary buildings. We do our best to register students within their zoned elementary school.
- Current UPK Students must also follow the above directions as this is a different registration process from the UPK registration.
