

# Summer Project Outline - French/Spanish 2 Advanced

## Cornwall Central High School

### 2025-26 School Year

**Assignment due date: Friday September 5, 2025**

*Ten points will be deducted from your grade for each day it is late.*

You must create a video that contains 20 facts about yourself in French/Spanish. You must state each fact aloud and do something to act it out. You may also include pictures/video clips relevant to each fact. The portal used to submit videos will open in August. The last date to submit this project on time is **September 5th, 2025**.

***Each scene of your video must contain the following:***

- A fact about you, stated aloud BY YOU
- On screen caption (what you are saying aloud)

Your video does not need to be filmed straight through - you can break it down, scene by scene, and put them all together to form one video. There is no time requirement (minimum) for your video, however, it will probably come out to around 2-3 minutes long provided it is complete and all elements are present in your project. ***Please do not include anything beyond the required components listed in this outline (ex: bloopers, extra scenes, etc.).***

**You may wish to include the following information in your video:**

- Your name
- Your age
- Your birthdate
- A description of yourself (physical/personality traits)
- Where you are from
- Where you currently live
- Your heritage
- Details about your family
- Likes/dislikes
- Favorite things (classes, colors, movies, books, etc.)
- Details about your hobbies or interests (examples: what you like to do in your free time, when you do them, other people/friends you do these activities with)

You may use any of the free apps below to create your video. You may use the attached links to access short video tutorials on how to use these apps.

- iMovie ([tutorial](#))
- CapCut ([tutorial](#)) \* This is the most popular app to use for video projects in my class
- In Shot ([tutorial](#))

When your video is complete and ready to submit, it must be submitted through the assignment portal on Google Classroom. Please use the codes listed below to access the Classroom site for your language class.

Code for Spanish: **zx6f7q3f**

Code for French: **xeoy2atb**

### **Some additional things to keep in mind while completing this project:**

- This is a graded assignment. If you submit a mediocre video, you will receive a mediocre grade. Please review the rubric for more information about how this assignment will be graded.
- The use of any electronic translators and/or AI is strictly prohibited. It will be extremely obvious if you use a translator in any capacity.
- Your video must be school appropriate and respectful.
- Everything in your video - with the exception of proper names (examples: a person's name, the name of a city, etc), brand names, or movies/TV shows- must be said in Spanish/French.
- **NO FLASHCARDS/SCRIPTS!** If you are reading off of flashcards while speaking throughout your video, your grade will be heavily impacted. If you are reading lines off of a wall or a visual aid, it will be obvious. Memorize your lines and/or film your video scene by scene.
- **No sunglasses or masks may be worn at any point during this video** - all faces/eyes must be visible.
