

Advanced Placement United States History

Summer Assignment 2024-25

Over the course of the next year we will get to learn about the entirety of U.S. History from 1491- today in our journey to prepare for the AP U.S. History exam in May. This may seem like a daunting task, but we will get there together. One of our course goals is for everyone to take the exam and for everyone to get a score they can be proud of. However, regardless of the outcome, a test score does not define you and this course is much more than just test preparation. The work we do throughout the upcoming year will serve you long past the exam and truly help you contextualize the world you live in and the society you are a part of.

In order to set you up for success, We are giving you a summer assignment designed to help you start the year strong. This work will help you build a background of American history and get a feel for the type of work we will do this year.

Your Summer Assignment Task List: (Everything in google classroom [class code:hitwbsi])

- ☐ Lesson 1: Watch the module lecture videos & fill in the notes packet (due 9.6.24)
- ☐ Lesson 2: Complete the review quizzes **posted on google classroom** (you must be on google classroom in order to take the quizzes) (due 9.6.24)
- ☐ Lesson 3: Complete the Module 1 Activities in the packet (due 9.6.24)
- ☐ Lesson 4: Write the essay posted on google classroom (due 9.6.24)
- ☐ **Module 1 Test:** Prep for Module 1 test on second day of class by looking at quizlet posted on google classroom (test on third day of class)

You can find all of these materials in the APUSH review classroom under Module 1- Summer Assignment.
