Animation is a half year course (0.5 credits) that provides foundation skills in Animation. Using Adobe Animate, students will build upon their creative skills in developing characters to move within designed environments. The Elements and Principles of Art are ever present as students work through their creative process. Storytelling plays an important role as students develop storyboards for production, with an emphasis on expression, movement and understanding of the connection between the art and the animation.

<u>Materials:</u>   Students will need a small notebook/folder for keeping worksheets, recording notes on pertinent information and a space for developing sketches.

<u>Class Expectations:</u>

- Students are expected to be on time and enter the computer lab with a desire to learn.
- Students are expected to work on and complete all art assignments and projects on time and in accordance with the project guidelines and rubrics. (Google Classroom)
- No Food or Drink is allowed in the computer lab..
- Cell Phones will be stored away in student backpacks during class.
- It is the responsibility of all students to know the proper files to save and upload to Google Classroom.
- All students are expected to follow the Rules of the Computer Lab at all times.
- Our computer lab is a community.   Being respectful to ourselves, each other and the art work created is an important piece of the collective artistic process.

<u>Grading:</u>

Quarterly Grade Average: Final Course Average:

      90% Art Projects   92% 4 Quarter Grades

      10% Participation   8% Final Project
