Student Profile

With the completion of this course, students will:

- Build upon their prior knowledge and skills in Art Education.
- Participate in a variety of craft projects that reflect personal visual imagery about a variety of topics or themes.
- Connect with a variety of artists and cultural history to craft projects presented.
- Create, reflect and critique upon works of art.
- Develop and implement an Independent Study Art Project and Google Slide presentation that shares students' choice of craft, personal creative process, a connection to an artist and historical context of chosen craft.
