* *IF the requirement of masks AND 6 ft social distancing are modified by NY State to masks and social distancing to the greatest extent possible, I would be interested in having my child(ren) return to school for additional in-person instructional days.*

YES – 82%

NO – 18%

* *IF the requirement of masks AND 6 ft social distancing are modified by NY State to masks and social distancing to the greatest extent possible, I would be interested in having my child(ren) attend remotely by streaming into classes for the remainder of the school year, and not attend in-person instruction. *I understand that this would be a commitment for the remainder of the 2020-21 school year and re-evaluated in the fall.*

**This question is not for our Cohort C Medically Remote Families, but for families who currently have their children attending in-person instruction.*

YES – 17%

NO – 83%

* *Cohort C Medically Remote Families Only: IF the requirement of masks AND 6 ft social distancing are modified by NY State to masks and social distancing to the greatest extent possible, I would be interested in having my child(ren) return to school for in-person instruction days.*

YES – 34 students

NO – 91 students

* *IF the 6 ft social distancing regulations are NOT changed, BUT the District was approved to social distance to the greatest extent possible with plexiglass barriers, masking and following all other state guidelines, I would feel comfortable sending my child(ren) to school for additional in-person instruction days.*

YES – 82%

NO – 18%
