BENEFIT BULLETIN
Specialty Radiology
Save $50 or $25 in co-pays
(when available).

Costly CAT Scans, MRIs or PET Scans require you to pay a co-pay of $50 if performed at a hospital, or $25 from a freestanding radiology facility.

You can reduce your **co-pay to zero!** Here's how:

1. Have the **prescribing physician call HealthCare Strategies (HCS)** at 1 (800) 764-3433 (on your ID card) and advise which test is being requested (CAT, MRI or PET – NOT X-rays);

2. HCS will provide the information to the US Imaging (USI) Network, who will call you in a day or two;

3. USI will gather the necessary information from you and determine their closest facility offering the imaging test your doctor has ordered;

4. USI will work with you to set up an appointment at their network facility; (*Note: You cannot just go to a US Imaging facility. You must arrange your appt. through the process itemized in #1, 2 & 3 above to avoid having to pay a $25 or $50 co-pay!*)

5. Keep your appointment and have the imaging tests performed;

6. USI will bill INDECS to have OU Health pay 100% of the USI imaging fee for a "paid-in-full" benefit, with **NO CO-PAY FROM YOU!!!**

> **Your Co-Pay Costs for:**
> **Hospital: $50, or**
> **Radiology facility: $25,**

OR

No co-pay when using US Imaging!
