

# CORNWALL CENTRAL SCHOOL DISTRICT

*“Striving for Excellence Every Day”*

## **Math 11**

Miss. Jones

cjones@cornwallschools.com

Room E10

### **Course Description**

Math 11 is a one-year course following Algebra I that is based around core concepts from Geometry and Personal Finance. In this course, we will cover:

<b>Geometry</b>	<b>Personal Finance</b>
Unit 1: Constructions	Unit 1: Taxes
Unit 2: Angles	Unit 2: Checking
Unit 3: Coordinate Geometry	Unit 3: Saving
Unit 4: Transformations and Rigid Motions	Unit 4: Credit
Unit 5: Dilations and Similarity	Unit 5: Insurance
	Unit 6: Budgeting

### **Supplies**

- Chromebook and Chromebook Charger - Please make every effort to take good care of your Chromebook and its charger. Bring these to class each day and charge your Chromebook each evening.
- Notebook - You will take class notes and complete practice problems.
- Binder/Folder - This will hold your unit packets and worksheets.
- Pens/Pencils - Please come prepared with a pencil for each class. It is much easier to keep your work neat and legible when you can erase when you need to.

### **Expectations**

In class, you are expected to follow all of the rules in the CCHS Code of Conduct. In addition, you are expected to:

- Be in your seat ready to work when the bell rings.
- Be prepared everyday with materials, an open mind, and a positive attitude.
- Be present and engage in daily lessons and activities. Attendance is key to your success. *Credit for the course can be denied after 24 absences.*
- Ask questions and seek help when needed.

- Respect everyone and their belongings.
- Have fun and learn something!

**Absences** - In the event that you are absent from class, you will be expected to check Google Classroom for work and updates. If you are absent, you have one day to make up work that was missed. If there are consecutive absences or extenuating circumstances please see me so we can work out a schedule to complete missing work. Notes from each class are openly available on Google Classroom and can be accessed anytime.

**Grading Policy**

Your grade will be calculated based on performance in the following areas:

- Daily practice – may be collected or visually checked
- Assignments - assignments given multiple days to complete will be accepted one day late with a 25% deduction; no credit given after one day late
- Quizzes – Several quizzes will be given throughout the unit.
- Tests – Unit test will be given at the culmination of each unit.

A total points system will be used to calculate your grade. Each assignment/assessment will be assigned a point value that is part of the total point value in a marking period. The weight of the assignment on the final grade is based on the number of points available for a given assignment/assessment. Each assignment/assessment is your opportunity to earn points toward a better grade!

**Calculation of Course Average:**

	Quarter %	Midterm %	Regents %	Total %
Full Year Course	21%	6%	10%	100%

Your grade will always be up to date on the SchoolTool Parent Portal. There should not be any surprises at the end of the quarter. If any questions arise regarding grades, students should come talk to me as soon as possible.

**Electronics Policy**

As part of the code of conduct, you are expected to keep cell phones and all other electronics **off and away** during class. This means your devices are in your backpack and should not be seen.

1st offense: warning

2nd offense: warning and a teacher phone call home

3rd offense: teacher phone call home and a teacher consequence

4th offense: referral

Let's make this a great school year TOGETHER! If you have any questions or concerns, please do not hesitate to email me!
